

2015 Historic Autographs

Civil War – Appomattox Premium Boxes

Every box will include (1-3) autographs or Civil War relic redemption cards. Each autograph or relic included will have no less than 2 - so there are at least (2) Abraham Lincoln, Robert E. Lee, Sam Houston, etc. There are (8) Ulysess S. Grant and William T. Sherman and (20) Phil Sheridan - to name a few.

Signatures include (9) different United States Presidents, notable Southern politicians, famed abolitionists and generals from both the North and South.

Due to the difficulty and scarcity of the obscure Civil War generals on both sides, some of the signatures have been authenticated by a member of the National Park Service and come with a lifetime Letter of Authenticity from Historic Autographs. Those that could be submitted to PSA/DNA have full LOAs from that third Party service.

Every box will include (3) Beckett Graded 2015 HA Civil War Appomattox Limited Edition cards. These cards have a Beckett Set Registry set up for the avid collector to increase values in the open market.

Relics include authentic Civil War items such as several 1860 US Army Colt revolvers, long rifles, saddle & cartridge bags (these items are all redemptions).
