

# 2013 Leaf Metal Draft Baseball

2013 marks the triumphant return of Leaf Metal Baseball Draft. This year's release is easily one of the strongest checklists in the history of the brand. Rather than fill the product up with 3rd -20th round picks, this release uses the hottest young players in baseball to fill out its checklist. Elite prospects such as Byron Buxton, Oscar Tavaras, Carlos Correa, Jorge Soler, Miguel Sano plus many more top prospects enhance this already potent checklist. They join 2013's top draft picks, the most exciting minor leaguers (without autographed cards to date) and the kind of international surprises you've come to expect from Leaf in what will surely be an exciting release.

This year's product has had its production slashed and will be available in very modest quantities. For this reason, quantities will be limited and order deadline will be 9/15 or prior sell out (which is expected).

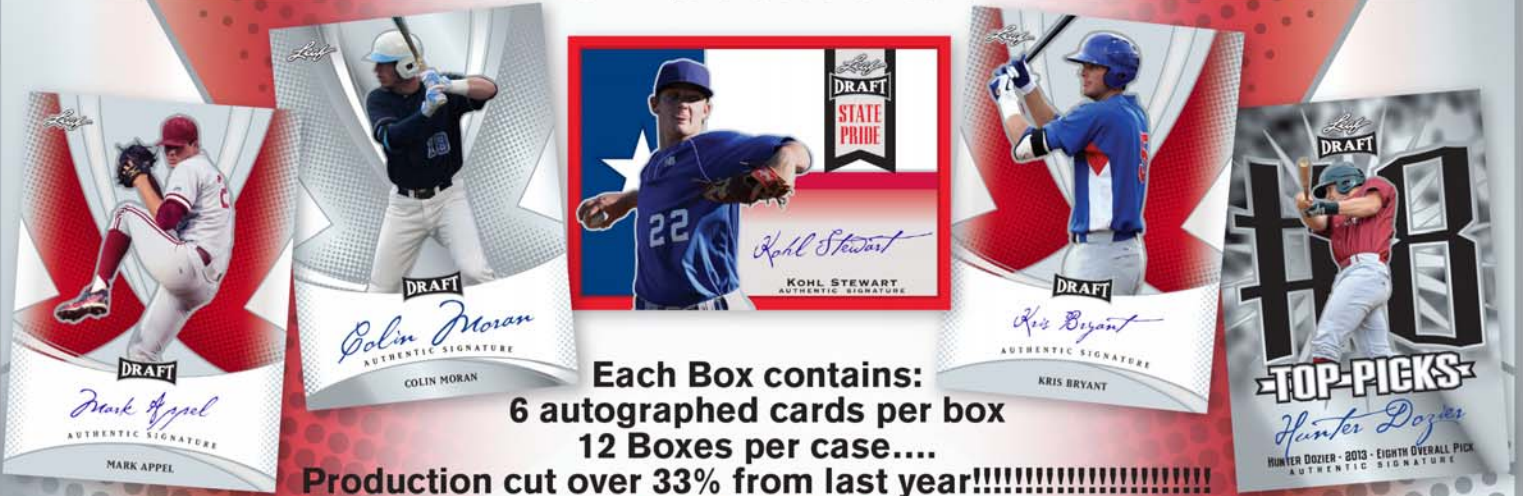

Look for:

**Base Autographs:** all autographs are now Prismatic.

Look for rare parallels as rare as the 1/1 Super-Prismatic!

**State Pride:** Leaf's ever popular insert makes its return with parallels as limited as 1/1.

**Top Picks:** this insert features only those players taken with the top picks in the 2013 draft with parallels as low as 1/1.

Each Box contains:  
6 autographed cards per box  
12 Boxes per case....

Production cut over 33% from last year!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Order deadline 9/15 or prior sell out...
