2015 Historic Autographs Originals, 1909-1912 Diamond Edition

In 2013, Historic Autographs introduced the concept of the "Originals" with a runaway hit in the Originals, 1909-12. For all of the success, HA took heed and focused on the small complaint that the art cards did not hold the value of the "real" tobacco cards. This has been remedied in our newest release - 2015 HA Originals, 1909-12 Diamond Edition - by **ONLY** including real T205, T206 & T207 cards with the matching player's autograph. A new horizontal artwork design, an increased number of Ty Cobb, Walter Johnson and Cy Young cards, and a 30% decrease in production will keep this product high on customer's want list all year. The checklist is solid and the 1-of-1 rarities will be just as desirable as most HOFers. There are **ONLY** 600 boxes.

Product Information:
